		Total new race day purchase	19	
		Maximum Inventory for 2023	25	
Tires can be purchased directly from the Speedway. No bulk purchases will be permitted to ensure ample supply for all compedators.				
Tires are only to be purchased only on the days outlined in the chart above.				
A maximum of 25 tires permitted for the 2023 regular season.				
Tires remaining new or used from the Rattler event can be used for regular season races but tire serial numbers must be recorded on compedators inventory sheet.				
All tires used for practice and races must be accounted for on your inventory sheet. Any tire that is teched with a tire not on the tech copy of tire inventory will be added to you inventory sheet and will be counted towards your yearly allotment.				
Tire inventory allotments and serial numbers can not be transfered from one car to another. Reguardless of car ownership.				
Tire Sheets will be provided by the Speedway for each competitor. Once filled out a duplicat must provided to tech.				
It is the compedators responsibility to provide tech with initial inventory and will be checked for acuracy every race event.				
If a car enters tech with a unregistered tire they will be disqualified for that event				
Any deviation to the 25 tire limit must be approved by pentiction Speedway Tech commitee
